

ORBITAL PREPARATION—A technician at the California Institute of Technology's Jet Propulsion Laboratory makes an adjustment to Ranger II's high-gain directional antenna. The craft will be launched into orbit this week from Cape Canaveral, Fla., aboard an Atlas-Agena rocket. After the 675-pound craft is well out in space, the antenna, which is four feet in diameter, will be aimed at the earth to permit transmission of data. The first Ranger satellite failed to orbit completely. NASA is using the Ranger satellites to test for eventual landing of equipment on the moon. (AP Wirephoto)

### By Rate Increase

## Some Water Bills Already Effected

Some water being used by Sedalia Water Department customers now will be paid for under a higher water rate schedule, according to information received from water department officials today.

Herbert Taylor, office manager, speaking for the Sedalia Board of Public Works, said a new rate schedule, 20 per cent higher than the rate schedule now in effect, will be applied to figure all billings after Nov. 1. These billings, to be received by customers after Nov. 1, are based on meter readings taken in October. Thus some water being used today will be

paid for under the new rates schedule.

Last month, when the new increase was announced, it was reported the hike would be effective on all meter readings taken after Nov. 1, but this is not the case.

In addition to the flat 20 per cent increase on water rates, the water board announced an increase in service charges, from \$1.15 to \$1.75 on 1/2-inch meters (normally used in residences) within the city limits, with the increase applied on a graduated scale, depending on the size of the meter, up to \$2.50 for a six-inch meter.

Water rates both inside and outside the city limits will be the same, however, the monthly service charge outside the city limits will be somewhat higher than inside the city, ranging from \$3.50 for the 1/2-inch meter to \$105 for the six-inch meter. Outside the city service charges are double those inside the city.

With the additional increase, the water department should, based on figures previously released, and including a 15 per cent increase authorized by the Sedalia City Council last spring, bring in close to 50 per cent more income than the water department received annually under the water rates and service charges in effect one year ago.

The water board approved the new rates and service charges under pressure from the Missouri State Division of Health in order to replace, repair or expand portions of the water system to the extent the city can retain its Division of Health stamp of approval. These main points have been brought out:

The water treatment plant was constructed in 1915 and is worn so badly that it cannot meet the needs of the city.

Some 21 miles of galvanized pipe must be replaced because of its poor condition.

Some cast iron mains are undersized and must be replaced by larger pipe, to supply water for adequate fire protection. New

(Please turn to page 6 column 6)

### Fair City

As a result of the fine cooperation of our weatherman, all of the out state people meeting in Sedalia this week may want to meet here again sometime soon.

Fair to partly cloudy tonight; becoming cooler tonight; mostly sunny and cooler Thursday. Low tonight in the 40s; high Thursday in the 60s.

The temperature Wednesday was 51 at 7 a.m. and 75 at 1 p.m. Low Tuesday night was 49.

The temperature one year ago today was, high 70, low 52; two years ago, high 65, low 32; three years ago, high 75, low 45.

Lake of the Ozarks stage: 58.9 feet; 1.1 below full reservoir; up .1.

### Silberstein Named By Jewish Group

Harold Silberstein, 917 South Osage, was elected second vice-president of the Missouri State Association of B'nai B'rith, a Jewish charitable association, at a convention of that group held in Springfield this week.

The new president of the Association is Stanley Fishman, St. Joseph; Larry Poinser, Kansas City, first vice-president; William H. Karchner, Springfield, third vice-president; Joseph Bortnick, St. Louis, secretary; and Lawrence Lees, St. Louis, treasurer.

Mrs. Harry Federow, Springfield, was elected president of the women's State Association of B'nai B'rith.

St. Joseph was selected as the convention city for next year.

# Urges Cancellation of Tests

## Red Triumph 'Inevitable'

### Khrushchev Sees Communist Control of the World By 1980

MOSCOW (AP) — Premier Khrushchev told the 22nd Soviet Communist party congress today that the downfall of imperialism and the triumph of socialism on a world scale are inevitable.

The Soviet premier took the rostrum at the second session of the congress to discuss the massive new party program — its first since 1919 — which the Kremlin claims will make communism supreme and irresistible by 1980.

Khrushchev told the more than 4,000 delegates in the new Kremlin Palace of Congresses that the experience of a large group of countries had confirmed that the socialist system inevitably replaces the capitalist system.

Imperialism — the standard Communist term for Western capitalism — has irretrievably lost its hold on the bulk of the world's peoples, he declared, asserting that socialism is the main avenue along which mankind advances.

In the Soviet Union, he continued, socialism has been translated into reality and this 22nd party congress will go down in history as the congress of the builders of communism.

The premier said the Soviet people's living conditions have been radically altered as a result of these "colossal transformations" — that unemployment had been wiped out long ago, workers' real wages have risen 480 per cent, and the real incomes of the peasants have risen more than 500 per cent.

Khrushchev listed what he called three historical factors of the 20th century.

"The formation of the world socialist system is the principal result of the progressive development of society in our epoch," he declared.

"The crumbling of the colonial system is the second in historical significance among the results of world development.

"The third result of world development is an acute all-around weakening of capitalism and a fresh sharpening of its general crisis."

## Battle Against Obscene Mail Gaining Steam

WASHINGTON (AP) — The Post Office Department said today its quiet campaign against obscenity in the mails has shown on charges of violating postal objections so far this year.

Postmaster General J. Edward Day said the Postal Inspection Service had arrested 98 persons on charges of violating postal obscenity statutes through the third quarter of 1961, which ended Sept. 15.

This represents a 21 per cent increase over the same period last year, he said.

There were 69 convictions obtained as a result of postal investigations, an increase of 16.9 per cent over last year's total for the period.

## Prison Farm Escapee Caught In Oklahoma

QUAPAW, Okla. (AP) — A 29-year-old man who escaped from the Missouri Penitentiary farm at Jefferson City August 16, Lloyd Paul Wilson, was arrested in Quapaw, Okla., Tuesday.

Officers said Wilson offered no resistance. He was at his father's home. He waived extradition and is held in jail at Miami.

Wilson had served two years of a 5-year sentence for attempted burglary, according to Missouri officials. He had no permanent address.

## Leave Kitchen Sink

HOLLYWOOD, Fla. (AP) — Thieves ransacked a newly built home in suburban Miramar and made off with everything but the kitchen sink. They did, however, get the bathroom sink. They also took the oven and range, hot water, water pump, and filter system for the swimming pool, a toilet unit, and a built-in dressing table.

## Paris Riots Of Algerians Leave 3 Dead

### 13 Policemen, 64 Demonstrators Seriously Hurt

PARIS (AP) — Twenty thousand Algerians rioted through rain-swept Paris Tuesday night in anticurfew demonstrations marked by gunfire and pitched battles with the police. The generated arrested 11,338 of the rioters.

Two Algerians and an unidentified European were killed. Thirteen police officers and 64 demonstrators were seriously injured.

Algerians by the thousands poured into the streets in answer to an appeal from the rebel FLN — the National Liberation Front — to protest the new curfew law to combat increasing violence stemming from the seven-year rebellion in Algeria.

The curfew calls for Algerians to be off the streets by midnight and for all bars catering to them to close by 7 p.m. The demonstrations underlined the massive solidarity of the tens of thousands of Algerians in the Paris region with the rebel government.

Algerian men, women and children poured from subway stations, buildings and side streets in various quarters of the city.

Riot-tested police split them up in club-swinging charges that beat many to the pavements.

Police packed big vans and city buses with those arrested. They were taken to substations for a check of identity papers.

Those who cannot show valid identification will be sent back to Algeria, a policy police began when fighting between opposing gangs of Algerians and attacks on police increased a few months ago.

As the rioting rocked Paris, the intermittent roar of plastic bombs jarred Algiers, shattering windows and store fronts in several sections of the Algerian capital.

## One Ballot Missing

ATLANTIC BEACH, Fla. (AP) — One absentee ballot wasn't counted in the Atlantic Beach runoff election. Charlie Brown ate it. Charlie Brown is a dachshund owned by Mayor-elect Henry Isaacs. The ballot was voided by election officials Tuesday. Fortunately, no race was decided by one vote.

## De Gaulle Agrees To Meet Macmillan

LONDON (AP) — President Charles de Gaulle of France has agreed to meet Prime Minister Macmillan in London, probably late in November for talks on world affairs, British informants said today. Their meeting will be the occasion for a frank examination of differences in their approach to the question of Berlin and Germany.

## Conflicting Reaction To Nikita Talk

### Hope and Dismay Feelings In World Capitals

LONDON (AP) — Premier Khrushchev's speech to the Soviet Communist party Congress aroused conflicting feelings of hope and dismay in the capitals of Western Europe today.

The fearful Europeans clutched at the straw he held out on Berlin. The announcement he had lifted his deadline for signing a peace treaty with East Germany. But some noted that was the only change in his Berlin stand.

Dismay was widespread at his announcement that in less than two weeks the Russians will explode a 50-megaton hydrogen bomb, the biggest man-made bang the world has ever known.

British newspapers exhibited more concern at the prospect of the massive Soviet nuclear blast than relief over the possible delay in a Berlin showdown.

"There is no supreme military advantage to be gained in touching off so large a bomb," said the Times of London. "The purpose behind the announcement is largely political. It is meant to fill the Western peoples with fears of what may happen unless their governments concede points to the Russians over Berlin."

The Conservative Daily Mail said Khrushchev "has not budged an inch" on the future status of Berlin.

## Sedalia to Host State Meeting Of the Jaycees

Sedalia will host the 1961 Fall Board Meeting of the Missouri Junior Chamber of Commerce. Some 600 Jaycees are expected for the three-day convention schedule, Friday, Saturday and Sunday, Oct. 27-29.

This will be the first state Jaycee board meeting to be held here since the state headquarters building was dedicated in 1957. Sedalia Jaycees under general chairman, Dick Schwalbe, have been working on arrangements for weeks.

Several of the city's public facilities will be utilized in staging the convention including headquarters at Hotel Bothwell, Convention Hall, the Pettis County courthouse, Masonic Temple, Smith-Cotton High School cafeteria and the Old Missouri Homestead.

A special tabloid section highlighting features of the convention is planned by the Democrat-Capital on the meeting's opening day — Friday, Oct. 27.

## US Troops Into Field On Exercise

### Nearly Half Of Berlin Garrison In Readiness Test

BERLIN (AP) — Nearly half West Berlin's 6,500-man U. S. garrison rolled out today for a three day test of combat readiness.

Tanks rumbled through the streets at daybreak, followed by armored personnel carriers packed with steel-helmeted troops.

There was a cold fall wind under blue skies as the columns wheeled out of their barracks and headed for the Grunewald Forest, in the American sector southwest of the city proper, where the mock battles will be staged.

Berliners on their way to work waved to the Americans, who grinned and waved back, especially at the girls. An Army spokesman emphasized that the war games—dubbed Ever Ready II—were planned in July, well ahead of the Communist closure of the East Berlin border Aug. 13.

Approximately 3,000 men are taking part under the over-all leadership of Brig. Gen. Frederick O. Hartel, the U.S. commander in Berlin.

The purpose of the major fall exercise is to practice attack and delay against an aggressor, to test the troops ability to hold off an invading force until help can come from West Germany.

Taking part in the maneuvers are the 2nd and 3rd Battle Groups of the 6th U.S. Infantry division. Col. John R. Deane Jr. commands the 2nd, Col. Wayne M. Winder the 3rd Battle Group. Since the Berlin wall went up Aug. 13 the U.S. garrison has been augmented by an additional battle group from West Germany, but it is not involved in the maneuvers.

Gen. Hartel said Ever Ready II will emphasize squad and platoon tactics in offense and defense. It will be a two-sided free maneuver, apparently with the red and blue sides alternating in attack and repulse.

Almost the entire range of army armor and weapons in Berlin will be brought into action. There will also be an amphibious exercise. Air operations by helicopters are also planned.

Today was set aside for the units to take up positions. The simulated fighting starts Thursday.

## Wright City Gets Federal Fund Grant

WASHINGTON (AP) — A federal grant of \$19,050 to Wright City, Mo., to help finance a \$110,050 sewage disposal project in the Warren County town was announced Tuesday by the Public Health Service.

**United Fund  
Drive Standing  
\$30,499.50  
At Noon Today**

## Opinion Rally Hopes of US

### 'Political Purpose' Behind 50-Megaton Red Blast Plan

WASHINGTON (AP) — The White House has asked the Soviet Union to reconsider its decision to explode a 50-megaton nuclear bomb, charging that the test would be unnecessary and could "only service some unfettered political purpose."

It said the United States had the materials and know-how to produce bombs in the 50-100 megaton range—and higher—but that such weapons are not essential to U.S. military needs and that full-scale tests are not necessary to develop them.

A 130-word statement was handed to newsmen Tuesday night by press secretary Pierre Salinger, who said it should be attributed to the White House and not to President Kennedy personally.

The statement was the only official U.S. comment so far on Premier Khrushchev's announcement Tuesday that the Soviet Union would explode a 50-megaton weapon at the end of this month. A 50-megaton blast is equivalent to the force of 50 million tons of TNT and about 2,500 times more powerful than the U.S. atomic bomb dropped on Hiroshima.

U.S. strategists hoped the White House statement, citing the lack of military purpose for such a test, would rally world opinion against the Kremlin.

From a diplomatic standpoint, Khrushchev's Moscow speech was seen as combining the carrot on a stick technique with the flick of a whip—mixing the lure of negotiations over Berlin while brandishing a mammoth nuclear threat.

A task force of State Department experts—including the U.S. ambassador to Moscow, Llewellyn E. Thompson—gathered to scrutinize all available textual matter to weigh the significance of what Khrushchev said, and what he didn't say.

The State Department said there would be no official assessment of the speech until Secretary of State Dean Rusk holds his press conference late this afternoon.

U.S. officials, however, reserved any enthusiasm for the Soviet leader's conditioned offer to lift his Dec. 31 deadline for signing a separate treaty with East Germany until they are certain what he meant. They indicated that his speech seemed to contain no basic change in his views on Germany.

Salinger said earlier that the President would "have absolutely no comment" Tuesday on Khrushchev's 6-hour and 20-minute oration before the Communist party congress.

A few hours later Salinger handed out the statement which said: "It is reported that the Soviet Union plans to explode a giant nuclear bomb—the equivalent of 50 million tons of TNT."

## Seeks GOP Nod For Senate In 20th District

JEFFERSON CITY (AP) — Murray C. Colbert, 53, Montgomery County farmer, has filed for the Republican nomination in the 20th Senatorial District.

Colbert formerly was chairman of the state Agriculture Stabilization and Conservation Committee. In filing Tuesday he charged all the 1961 legislature did was to "raise salaries, spend more money and place higher taxes on the citizens."

The district—Montgomery, Warren, St. Charles, Osage, Gasconade and Franklin counties — is represented now by Democratic Sen. Frank X. Reller of Wentzville.

## Telephone Number Is Cause For Woe

JEFFERSON CITY (AP) — So you think you got teen-age telephone trouble?

Consider the plight of the Jefferson City doctor whose number is 5-4321.

Teen-agers have been calling and when the doctor's receptionist answers: "This is 5-4321," the kids shout "Blast off."

## Chicago Explosion Hurts 200

### West Side Rocked By Cosmetics Chemical Blast

CHICAGO (AP) — A cosmetics chemical explosion leveled a one-story blending building, rocked the West Side for miles and injured an estimated 200 persons today.

There were no fatalities. A loss-control engineer declared the disaster plan of the Helene Curtis Industries worked effectively and all 800 persons working in seven buildings were evacuated within five minutes.

Most of the injured were at the Zenith Radio Corp. where plate glass windows were blown in, showering glass on workers at their desks and benches.

An exact count of the injured was not available immediately. Many were taken to hospitals, treated for cuts and shock and released.

Damage to the Curtis plant at 4401 W. North Ave. and the Zenith factory at 1500 N. Kostner Ave. was estimated at \$250,000.

Windshields and windows of scores of automobiles of Curtis and Zenith employees parked in the area were smashed in as if by sledgehammers.

Windows in a nursing home nearby were broken but none of the patients was hurt.

## Seneca School Will Seek Bids On Auditorium

SENECA, Mo. (AP) — Superintendent of Schools Gordon Bradshaw has announced that the Seneca school board will advertise for bids for the proposed \$115,000 auditorium-gymnasium in about two weeks.

The board acted following the state Supreme Court decision that absentee ballots are to be counted in school bond elections.

The eight absentee ballots cast in the recent election at Seneca were all in favor of the bond issue, and the eight made the exact two-thirds majority needed for passage. The final vote was 330 in favor and 165 against.

## Medical School Given Sum By Nameless Donor

KIRKSVILLE, Mo. (AP) — An anonymous donor has provided another \$150,000 to complete a research building at the Kirksville College of Osteopathy and Surgery.

The gift was announced at a Founders Day dinner Tuesday night. Dr. Morris Thompson, president of the college, said the same donor provided the original \$700,000 for the building. Construction of the seven-story building is under way and it was dedicated as part of Founders Day. Fifteen members of the 187 in the class of 1911 were at the dinner.

## Johnson Saddened After Visiting Sam

DALLAS, Tex. (AP) — Vice President Lyndon B. Johnson spent an hour with Sam Rayburn Tuesday and later told newsmen that "it was sad to see him so sick."

WAREHOUSE DESTROYED BY FIRE — An old one-story warehouse near downtown Los Angeles burns in a spectacular fire. The flames, which shot up 300 feet, could be seen

for miles. More than 100 firemen fought the blaze. One of five fire trucks burns at right. Damage was estimated unofficially at \$200,000. (AP Wirephoto)

## Miss Janine Hoversen Exchanges Vows With Mr. Larry Dean Burke

The Trinity Lutheran Church in Holly Hill, Fla., was the scene at eight o'clock Saturday evening, Sept. 2, for the wedding of Miss Janine Dell Hoversen, daughter of Mr. and Mrs. Albert E. Hoversen, Holly Hill, Fla., and Mr. Larry Dean Burke, son of Mr. and Mrs. Joseph Burke, LaMonte.

The Rev. Albert J. Schulz officiated at the double ring, candle-light ceremony.

Mrs. Louis Buchmann was the organist and Mrs. Milton Mathis, soloist, who sang "O Perfect Love" and "Bless This House."

The altar was decorated with two large wedding baskets of white gladioli, chrysanthemums and pompons and two altar vases of white gladioli and pompons. Every other pew was marked with a candle trimmed with white ribbon and fern.

The bride, given in marriage by her father, wore a floor length gown of silk organza with scattered groups of silk embroidered flowers accenting the full length of the gown. The bodice had a scooped neckline and small cap

sleeves. The gown's empire lines were detailed with a tucked band and a bow. A large embroidered double bow accented the back waistline and the dress extended into a chapel length train. Her fingertip length veil of illusion was attached to a queen's crown of open work, pearls enhanced with tiny silk flowers. She carried a cascade bouquet of white roses, pompons and stephanotis.

Miss Jeannette Copello, cousin of the bride, was the maid of honor. She wore a gown of royal blue taffeta and nylon chiffon with a scoop neckline and cap sleeves. The taffeta skirt featured a soft shepherdess styled over draping of matching nylon chiffon. The fitted bodice was accented with a back bow of taffeta. She carried a finger cascade bouquet of pale blue and white feathered carnations.

Miss Brenda Hulton, Holly Hill, Fla., was the bridesmaid. Her gown and flowers were identical to those of the maid of honor. Both attendants wore headpieces of Swiss braid in a scalloped

## Prayed During 9-day Trance Beneath Ground

NEW DELHI (AP)—A 40-year-old yogi emerged from a trance today after being buried alive nine days to pray for world peace.

Swami Ramadas was removed from his five-foot-deep pit and quickly recovered consciousness. He told newsmen he is convinced that the chances for world peace now are brighter.

But he warned of evil portents in the resumption of nuclear tests and the Hindu-Muslim rioting in India.

Swami said he was particularly perturbed by the evil conjunction of nine stars next February. This could spell disaster for the universe, he claimed.

## Plane Goes Down

RIO DE JANEIRO, Brazil (AP)—A Brazilian air force trainer plane crashed into a house on the outskirts of Rio de Janeiro today, killing the pilot. No one was in the house.

Mr. Bob Burke, LaMonte, was his brother's best man. Ushers were Mr. Jerold Kinzie, Mr. Charles Barger and Mr. Jim Cowan, all of Sanford, N.S., Fla.

The bride's mother wore a pale blue sheath of embroidered organza over taffeta with matching accessories and a white orchid corsage. A reception was held in the parish hall of the church following the ceremony.

The bride's table was centered with an arrangement of pink sweetheart roses and white carnations clustered at the base of two pink satin hearts with love birds sitting on top. The three-tier wedding cake was surrounded with fern and pink hearts and flanked by two candelabras on a white lace cloth.

Assisting at the reception were Miss Nancy Weir, Miss Judi Winters and Miss JoAnn McGregor. Miss Mary Nell Hodgins had charge of the guest book.

For a wedding trip to the mountains of North Carolina, the bride wore a beige linen sheath with matching bolero jacket, brown accessories and a corsage of white roses and stephanotis.

The bride is employed as a secretary at First Atlantic National Bank and the groom is stationed with the U.S. Navy in Sanford.

McCery Twirlers Square Dance Club will dance upstairs at Convention Hall at 8 p.m.

Levi and Lace Club will have guest night at 8 p.m. at Whittier School. Jim Faulkenberry, Kansas City, will be caller. All western style square dancers are invited. Members bring sandwiches.

**WELL-KNIT**—For wear at home, this knitted ensemble presents a glamorous challenge to the hand knitter. The outfit combines harlequin-patterned sweater and skirt with black knit pants and a black knit sash.

## Mrs. Hiltenberg To Helm Of Garden Club 4

Mrs. J. L. Hiltenberg was elected president of Garden Club 4 at a meeting held Friday, Oct. 13, at the home of Mrs. Roy Lierman, 709 East Fifth.

Other officers elected for the coming year were: Mrs. Henry Holst, first vice-president; Mrs. John Johnson, second vice-president; Mrs. J. F. Skolaut, third vice-president; Mrs. Roy Kirchhofer, recording secretary; Mrs. Larry Judd, corresponding secretary; Mrs. Floyd Knerl, treasurer; Mrs. Fred Brink, parliamentarian.

A dessert luncheon was served to eight members and two guests, Mrs. Beulah Greisen and Mrs. Minnie Everston.

The meeting was presided over by Mrs. J. C. Saunders.

Mrs. Del Heckart played several beautiful piano selections. Mrs. Ida Harriman, program chairman, presented Mrs. John Johnson, who gave a very interesting talk on "Landscaping."

In Halloween arrangements Mrs. Roy Kirchhofer won first and Mrs. John Johnson won first in horticulture with Mrs. R. L. Weinrich and Mrs. Lierman receiving honorable mention.

Assisting hostesses with Mrs. Lierman were Mrs. Robert Pheasant and Mrs. J. L. Hiltenberg.

## Regular Meeting Of Camp Branch Club

The Camp Branch Homemakers met with Mrs. Leon Morgan with 12 members and one visitor, Mrs. Cornell Davis, LaPunte, Calif., present.

Mrs. Paul Neizerth read the devotional. Mrs. Bert Stevens presided during the business session. The County Extension Council was reviewed and Mrs. Bert Stevens read Mrs. Zimmerman's newsletter.

Mrs. Paul Neizerth presented the lesson. Her subject being "Union Nations."

Mrs. Ted Kerns and Mrs. Frank Walz received secret pal gifts. The next meeting will be with Mrs. Leroy Ryan on Nov. 2.

## Social Calendar

### THURSDAY

Groups of Broadway Presbyterian Church meet as follows:

Group I at 2 p.m. with Mrs. E. C. Thompson, 403 South Park.

Group II meets at the church with Mrs. Rick Fullerton as hostess at 9:30 a.m.

Group IV meets at 9:30 a.m. with Mrs. Charles Denny, 2423 Poplar.

Afternoon circles of Immanuel United Church of Christ, meet at 1:30 p.m. as follows:

Ruth Circle with Mrs. Herbert Weinbrenner, 1210 South Arlington.

Dorcas Circle meets in church dining room with Mrs. R. H. Sheffield, hostess. This will be guest day.

Mary-Martha Circle meets with Mrs. Melvin Gulick, 1010 East Fifth.

Groups of First Christian Church, meet as follows:

Group 1 with Mrs. William Schien, 1220 South Barrett, at 1:30 p.m.

Group 3 at 1:30 p.m. at the church.

Group 4 at the church, 1:30 p.m.

Group 6 with Mrs. Wilford Ackers, 800 East 24th, at 1:30 p.m.

Group 7 at 9:30 a.m. at the church. Nursery provided.

Fidelis Class, East Sedalia Baptist Church, meets at the church at 11 a.m. with covered dish luncheon at noon and program at 1:30 p.m.

TEL Class, East Sedalia Baptist Church, meets at 7:30 p.m. at the church.

LWML of Our Savior Lutheran Church meets at 7:30 p.m. with Mrs. Henry Heitman, 1400 West Fourth.

Smith-Cotton PTA will meet at 7:30 p.m. with executive meeting at 6:45 p.m. This is the annual get-acquainted meeting.

Jefferson PTA and dedication service at 7:30 p.m. Executive meeting at 7 p.m.

Washington School PTA at 7:30 p.m. Executive meeting at 7 p.m.

Whittier PTA meets at 7:30 p.m. in school auditorium. Class room visitation following business meeting. Executive meeting at 6:45 p.m.

Circles of Wesley Methodist

## Winery Workers Are Overcome

NEW YORK (AP)—Two workmen at a winery died Tuesday of fumes from a fermenting wine vat.

Police tried for 45 minutes to revive the two men, Alfred Ratz, 50, of Brooklyn and Meyer Rosenfeld, 46.

A spokesman for Schapiro Kosher Wine, Inc., said that Ratz and Rosenfeld were building a wooden platform for a grape-crushing machine above a vat containing fermenting grape mash. A plank fell to the surface of the semisolid mash, and Ratz climbed down a ladder to get it.

Police said Ratz collapsed while walking on the surface of the mash and Rosenfeld went to his aid but collapsed also.

Two policemen wearing oxygen masks carried the two men out about half an hour later and tried unsuccessfully to revive them.

Church meet at 1:30 as follows:

Circle 1 with Mrs. C. F. Woodard, 642 East Tenth.

Circle 3 at Mrs. Ernest Biggs, Route 2.

Circle 4 with Mrs. John Ryan, Route 5.

Circle 6 with Mrs. Herb Richards, Route 4.

FRIDAY

Broadway School PTA meets at 2:30 p.m. at the school. Film strip "Your Child's Intelligence" will be shown. Executive meeting at 1:30 p.m. Supervised nursery provided.

## Montana Governor Takes Blast at UN

HELENA, Mont. (AP)—Gov. Donald G. Nutter said Tuesday that until the United Nations becomes "something other than a forum for the enemies of this country," he will not proclaim U. N. Day on the ground "that would constitute an endorsement of the present activities of the U. N."

The wartime bomber pilot told a news conference the United Nations has turned into a debating society, particularly since the death of Secretary-General Dag Hammarskjöld.

## PUBLIC SALE

I will sell at Public Auction, Furniture and Household goods at 705 West 5th Street, Saturday October 21st At 1:00 P.M.

# Ann Landers

## Answers Your Problems

Dear Ann Landers: The letter from that obstinate mother who insisted on naming her son Junior over the violent protests of her husband (also a Junior) prompts this letter.

You may recall the husband hated the tag so vehemently that he actually moved to another city. He said it was the only way he could separate himself from identification with his prominent father. I know precisely how he felt because I was in the same boat. It's bad enough in the younger years but after a guy gets into business it's murder.

Why give a boy a name if people are going to call him something else? This goes for Sonny, Buddy, Skipper, Sandy, Buzzie and what have you. If parents like these ditty names so well why don't they christen their sons that way?

Dear Junior: As I told the obstinate mother—no woman should insist on a name if her husband doesn't want it. Some men like being Junior and want to pass along the "privilege." It usually depends on how Junior feels about senior.

Dear Ann Landers: Our son is 14. I always like to know where Billy is going and what time to expect him home.

After dinner last night he put on his jacket and said "So long!" I asked where he was headed and when he'd be back. His father cut in to say, "Leave the kid alone. He's not a baby and you don't need to watch him like a hawk." I didn't want to start anything in front of the boy so I remained silent.

At 12:15 I heard Billy's key in the door. My husband warned me not to ask him any questions. I'm worried and upset. I want to do what is best. Please help me.—SPRINGFIELD MOTHER

Dear Springfield Mother: Parents not only have the right but they have the obligation to know where their children are going and furthermore they also should TELL them what time to be home.

If your husband thinks freedom to roam around until all hours will make a man out of his son, I have a flash for him—it could make a bum or a criminal out of him first.

Urge your husband to talk this over with his clergyman or the high school principal—or better, perhaps, with the chief of police. He'll get an earful.

Dear Ann Landers: I am married to a 66-year-old juvenile delinquent. He has left home 11 times in the last two years. When ever he loses his temper he says "I'm leaving this lunatic asylum." I say, "Fine. I'll help you pack."

**YOUR CHILD MAY HAVE PIN-WORMS**  
1 OUT OF 3 DOES

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms... ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge...

small, easy-to-take tablets... special sizes for children and adults.

## Sorosist Speaker

## Sees Distressing Picture In Relations With World

There is only one way to live in the world, Irving Levitas, Kansas City lecturer and educator told members of Sorosis Monday afternoon, at the meeting held at Heard Memorial Club House, and that is to understand it, and the only way to understand it is to realize that the people living in the world don't like you.

Levitas, who spends a month each year in the Far East, Central Africa and Near East, talked on "Africa Today: Continent Ferment," and he painted a distressing picture for the white man who is outnumbered more than three to one in color and outnumbered also in religion. Of every 1000 persons in the world, he said, only 60 are Americans, only 320 white.

Bringing down locally the methods used by Americans and other white men he told of the Centennial year of Sedalia, celebrated last year, and pointed out that the white man took this land from the Indians and that the Indians could come back and demand the land back by law — America's law.

Over the world Americans and other white men have gone with their western civilization and education and forced their ideas and their dress on primitive people who had a life of their own.

They worked about three hours a day and the rest was spent in rituals of various kinds for they had rituals for everything and in social living. The white people social living. The white people went into Africa, he said, and introduced the concept of time, that there should be so many hours of work with no leisure.

The west took 400 years to make this change, Levitas explained, and grew with it, but the complete system was imposed on other nations all at once, the concept of time, work, wages.

Wherever in Africa there are men found with ulcers and women committing suicide, he told the group, they know that Western civilization has been imposed. When a little girl was born her father made an agreement with the father of a new son that his daughter would marry his son. Marriage was for the purpose of bringing children into the world and love did not enter into it. You married and loved afterwards. In fact there is no word in Africa for love. But Western civilization, he said, brought this idea of love to that country and young girls refused to go through with the marriage arrangement their fathers had made. They didn't love the man. The father asked: "Love — what is love?" and when he refused to break his promise, because an African never breaks a promise, the girl commits suicide.

It was the result of our egoism, the speaker said, that we went to these countries that we

were going to improve politically and socially, the way they eat, dress, live, so that they would learn to live like us and better appreciate us. The white man went into their lands and took them, cultivated them, trained native labor. There were many raw materials in Africa, ivory, gold, diamonds, hides, and they paid native labor. To get people to work for you must change their thinking, Levitas pointed out, and this they did.

Then, because of the disease and living conditions there, the white man decided to train natives to take over the job of supervising the businesses they had established and they had tribes select young men which they sent back for western civilization education. These men have grown in strength and are the ones that have turned against the white man. They know the laws. The white man has always felt that in order to do great inventive work and scientific work that one must have the background of culture. These people do not need it. They had handed to them what it has taken the white man 400 years to accomplish and they are using the education to go on with the science from where we have brought it. They are equal through science and technology, and the west is fooling itself if it thinks they needed cultural background.

These educated natives did not go back as our representatives as we had planned. They read American literature where all men are created equal and that we regardless of color. It didn't say white men are created superior but all men are created equal. They read Voltaire who said "Men are born in chains and everywhere enslaved." That didn't give preference to the white man. The nations that will come in to the UN will not be white, and they will outnumber and outvote the white, and the people of Africa are not going to forget that.

Certain problems with the white man will arise and they will come home to roost. The past generation lost Asia and now we are about to lose Africa. The whites see a slow whittling away of influence and education to Russia. We must appreciate sociology, he said, to know that the voice of the non-white must be heard. We

## Weller Named United Nations Day Chairman

Don Weller, vice president and manager of Mullin's, has been appointed chairman of United Nations Day in Sedalia by Mayor Abe Silverman.

United Nations Day, which is Oct. 24, Weller pointed out, is to increase public understanding and support for the work of the United Nations to stimulate continuing interest throughout the year.

This is the first year for observance in Sedalia and Weller is asking the cooperation of the people of the community in displaying the American flag on that day and the United Nations flag, by those who have a United Nations flag.

Another way that the day can be observed is at a meal in the home. This, Weller points out, is a simple, effective and delightful way of making children aware of other lands and other people. A soup from Mexico, a meat dish from Brazil, a dessert from Argentina, for a Latin American meal; or from European countries, a fish or meat course from France, pastry from Greece and Italian coffee. The great continent of Asia offers many possibilities. The children could be encouraged to find out something about each country represented by the meal and decorations for the occasion could make it very festive as well as informative as to what part countries of United Nations play in the lives of Americans.

lost Asia because we didn't study through. We are losing Africa for the same reason. It is jumping with hatred and anger at the Europeans and we, to them, are considered Europeans, he said. They are now aware of legal rights and aim to express these rights.

It is difficult for the American people to realize what is taking place in the world, and he warned the Sorosis members that they would not see this come to pass, but their children will. Every generation fights a war that their parents begin, Levitas said, and the situation of the white man is desperate.

Mr. Levitas was introduced by Mrs. G. G. Hopkins, history and literature chairman.

Mrs. James E. McNeal, president, presided.

Mrs. John Ryan announced that the speaker next meeting, Nov. 6, will be Miss Bertha Daniels, Warrensburg, who will give a book review. There will be a luncheon.

## Men's Choral Club Well Received At Area Appearances

The Sedalia Men's Choral Club, of which Abe Rosenthal is director and Miss Lillian Fox is accompanist, are delighting audiences in Sedalia and throughout the area this year by making many appearances and presenting programs.

The singing group made their first appearance at the new Cole Camp High School Sept. 26, which brought them quite a little fan mail.

On Oct. 1, they presented their second concert at the Public Affairs Banquet of the Business and Professional Women's Club, where they were well received.

The third concert will be at the dedication of the Jefferson School's new gymnasium-auditorium-cafeteria, Thursday night.

# Honolulu Oil Firm Plans To Sell For \$362 Million

SAN FRANCISCO (AP)—An oil company which started 53 years ago because Capt. William Matson wanted the scarce new fuel for his pioneer shipping fleet is selling out Wednesday for the tidy sum of \$362 million.

The reason: Oil has glutted the modern world's markets.

Since Matson drilled his first California well in 1908, his Honolulu Oil Corp. has grown to be the third largest independent producer in America, with properties in six states, including Alaska, and in Canada.

The liquidation deal—beset for weeks by a federal antitrust suit and tax-ruling uncertainties—is scheduled to be completed in contract-signing ceremonies at Wilmington, Del.

Deciding to sell the producing and reserve properties and negotiating the purchase agreements with Tidewater Oil Co. and Pan American Oil Co., a Standard Oil (Ind) subsidiary, proved far simpler for Honolulu Oil's management and stockholders than winding up the deal.

With no refineries or retail marketing, Honolulu Oil depended almost entirely on selling its crude oil production to integrated companies.

With Crude prices depressed by high world production and increased foreign oil imports, Honolulu Oil's management and stockholders chose to sell out to integrated companies rather than risk trying to go into refining and marketing on its own.

Purchase bids were called for last February, and Honolulu Oil directors approved last May the offers by Tidewater, Pan American Oil, and other companies totalling \$362.1 million.

L. A. Cranson, president, advised stockholders the liquidation return would amount to about \$100 a share on 3,748,000 outstanding shares.

Honolulu Oil's management had made a condition of the sale agreements that the proceeds be taxed at the capital gains rather than income rates.

On Sept. 15 this issue was clarified by an Internal Revenue Service announcement that it would resume rulings on transactions with arms-length bargaining between unrelated parties. Honolulu Oil's stock bounded up 10 points to 92 on this news.

On Sept. 19 the federal government filed an antitrust action to block the sale. The suit claimed that Tidewater and Standard of Indiana, among the largest U.S. integrated oil companies, would acquire with Honolulu Oil's properties "a decisive competitive advantage over their nonintegrated or less diversified competitors."

Honolulu Oil's stock slipped down to 72½ on this news.

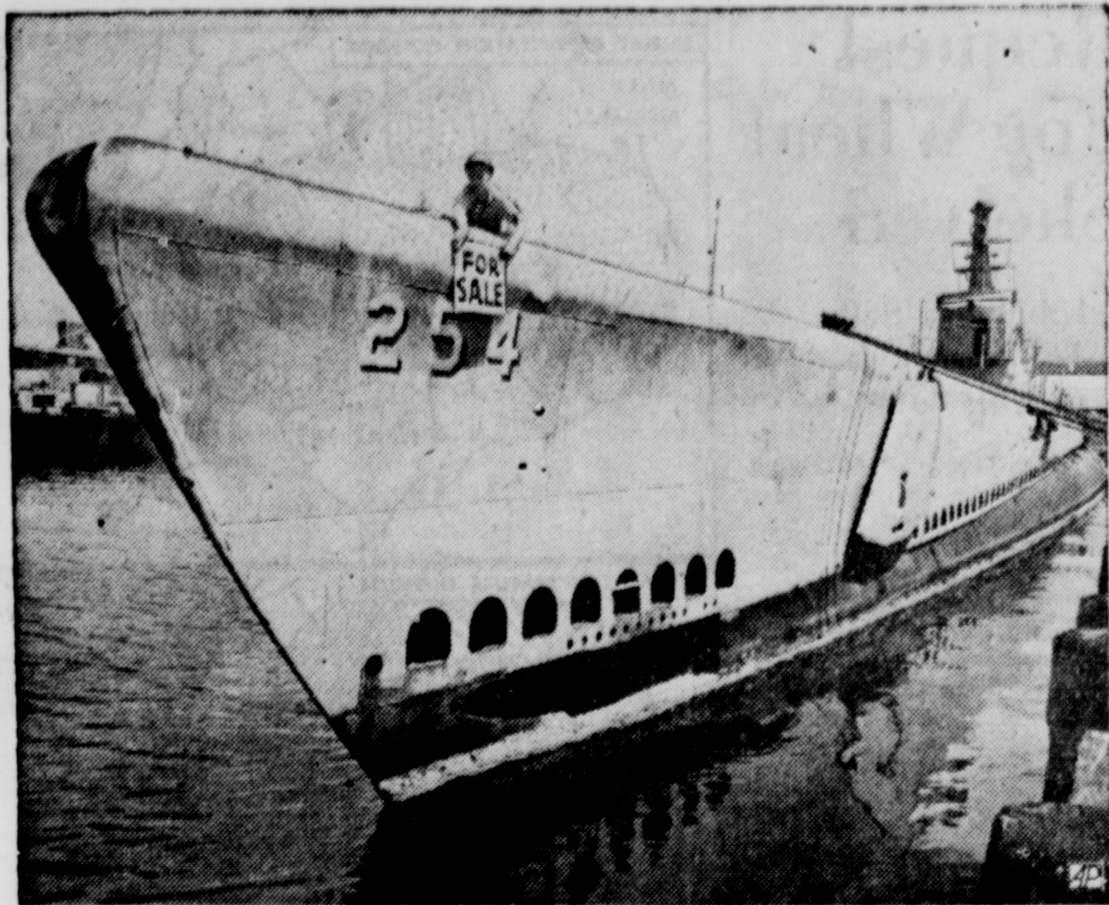

Five days later Honolulu Oil stockholders, in a long delayed meeting on the sale proposal, overwhelmingly voted to proceed despite the antitrust action.

The issues were argued before federal Judge Lloyd H. Burke on Oct. 11 on the government's request for a preliminary injunction to block the sale pending full-scale trial.

Judge Burke denied the injunction from the bench after hearing all-day arguments. Burke said the injunction would offer "no advantage to which the government is entitled" and probably would "result in irreparable harm and unreasonable financial loss to the Honolulu Oil Corp."

Burke said the assets involved

were easily identifiable and could be ordered divested by Tidewater if the government should win in trial of the suit. By that time, of course, there

A BUYER WANTED — Machinist Mate Larry Brucker fastens a "For Sale" sign to bow of the USS Gurnard at the Pearl Harbor Navy Base in Hawaii. The World War II submarine, overage and declared surplus, is being offered for sale by the U. S. Navy.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., Oct. 18, 1961 5

would be no Honolulu Oil Corp. remaining to take back its former properties.

The Department of Justice has declined comment on its next course of action.

After Judge Burke's ruling, Honolulu Oil's stock climbed to a new high of 97 last Friday and held there through Monday's trading.

Honolulu Oil's largest individual shareholder is Lurline Roth, daughter of Capt. Matson and wife of William P. Roth, board chairman of Matson Navigation Co. She holds 218,706 shares. Alexander & Baldwin Ltd. holds 240,990, and Castle and Cooke 230,307 shares. Both are Hawaii factoring firms in the sugar, pineapple and shipping industries.

Massachusetts Investors Trust is another large holder with 232,000 shares.

## OBITUARIES

**Mrs. Bertie Lee Cluberson**  
Mrs. Bertie Lee Cluberson, Kansas City, died Tuesday at General Hospital in Kansas City, where she had been a patient the past six weeks.

She was born in Wallonia, Ky., Aug. 20, 1890, daughter of the late Joseph L. and Mary Cook Parsley. She had lived in Kansas City for 50 years.

Surviving are one brother, James M. Parsley, 1608 East Broadway; one step-son, Ralph Brooks, Muncie, Kan.; two nieces and a nephew.

Funeral services will be held at 10 a.m. Thursday at the Muehlebach Funeral Chapel in Kansas City. Graveside services and burial will be held at Crown Hill Cemetery, Sedalia, at 1 p.m. Thursday.

**William T. Flottman**  
William T. Flottman, retired Versailles merchant, died at 7 p.m. Monday at Bothwell Hospital.

The son of the late John and Alice Phillips Flottman, he was born Jan. 20, 1898, near High Point. He was married to Miss Neville Elley, Jan. 15, 1922.

Surviving are the wife, of the home; three sisters, Misses Oleta and Michael Flottman, both of Barnett; and Mrs. LaDean Drissen, Versailles.

Funeral services will be held at 2 p.m. Thursday at the Kidwell Funeral Home in Versailles. The Rev. J. L. Freeman will officiate. Burial will be in Big Rock Cemetery.

**Cora M. Walthall**

Cora M. Walthall, 70, Lincoln, died at 11 a.m. Tuesday at the Wetzel Hospital in Clinton.

She was born May 10, 1891, at Stanberry, Mo. She was married to J. B. Walthall in 1917 in Olathe, Kan. They then went to Colorado for two years after which they moved to Benton County settling in the Turkey Creek community. In 1940 they moved to Fristoe, where they lived until 1951 when they moved to the present home in Lincoln.

Surviving are, the husband, J. B. Walthall, of the home; two daughters, Mrs. Helen Ketchum, Windsor; Mrs. Margaret Bucklew, Kansas City; a son, J. C. Walthall, Lincoln; three brothers, Roger and Russell Reddick, Denver, Colo.; and Lawrence Reddick, of Kansas City; three grandchildren and one great-grandchild.

Funeral services will be held at 2 p.m. Friday at the Reser Chapel in Warsaw.

Pallbearers will be Robert Tucker, Herbert Durhan, Arthur Hansen, Claus Goosen, Elmer and Olaf Schlesselman.

Burial will be in Turkey Creek Cemetery.

**Mrs. Sudie Roach Rites**  
Funeral services were held at 2:30 p.m. Wednesday at McLaughlin's Chapel for Mrs. Sudie Roach, 85, who died Monday at a local nursing home. The Rev. Richard Spellman, assistant pastor of the First Christian Church, officiated.

Pallbearers were Frank Sims, Harry Bolch, Percy Austin, William Wade, Prof. Oswald Rahm and Ralph Hodges.

Burial was in Crown Hill Cemetery.

**Rosie Ellen Chaney**  
Rosie Ellen Chaney, 64, Cole Camp, died at 6:30 p.m. Tuesday at the Wetzel Hospital in Clinton.

She was born in Cole Camp, March 7, 1897, the daughter of William and Sarah Shoemaker. She was married to Henry Chaney, Nov. 2, 1911.

Surviving are her husband, Henry, of the home; her parents, Mr. and Mrs. William Shoemaker, Cole Camp; five brothers, Ed Shoemaker, Kansas City; Walter Shoemaker, 1423 South Carr; Ray Shoemaker, Climax Springs; Henry Shoemaker, Columbia; Lloyd Shoemaker, Cole Camp; two sisters, Mrs. Juanita Carrico, Cole Camp; Mrs. Evelyn Kroenke, Kansas City.

The body was at the Kidwell Funeral Home, Versailles, until 10 a.m. Wednesday and will be at the Fox Funeral Home in Cole Camp from noon Wednesday until 10:30 a.m. Thursday.

Funeral services will be held at 2 p.m. Thursday at the Glensted Methodist Church north of Versailles. The Rev. J. L. Fisher will officiate.

Burial will be in Glensted Cemetery.

**H. B. R. Allen Rites**

Funeral services were held Monday afternoon in Kansas City for H. B. R. (Bob) Allen, 61, illustrious potentate of Ararat Temple, Kansas City, and son-in-law of Mr. and Mrs. Fred K. Shaffer, 901 South Prospect, Sedalia. Burial was in Mt. Moriah Cemetery.

Mr. Allen, whose home was at Lee's Summit, died Saturday at St. Luke's Hospital following a heart attack.

Surviving are his wife, Helen Rose Allen, of the home; two children by a previous marriage, Forrest O. B. Allen and Mrs. Frances Ferguson, both of Kansas City; and three grandchildren.

On June 11, 1961, he was elected to the highest office of the Shrine, that of illustrious potentate, receiving his appointment to the officer's line of Ararat in 1955. Also he had served as venerable master of the Adoniram Lodge of Perfection of the Scottish Rite Lodge of Kansas City; and president of the Kansas City chapter of High Twelve, International, a Masonic organization that arranges scholarships in the field of foreign affairs to George Washington University, Washington. He was appointed outer guard of Ararat Temple in 1955. In 1949 he received honorary recognition from the Supreme Council of Scottish Rite in Washington by being elevated to knight commander.

Mr. Allen was well-known in Sedalia, for in addition to the fact his wife is a former Sedalian, he traveled for a drug company into Sedalia for a number of years and rarely missed an opportunity to attend Scottish Rite, Shrine and other special Masonic activities here.

He was active in many Masonic organizations, including the Oriental Commandery, Knights Templar, the Westport Council, and Select Masters, the White Shrine and the order of the Eastern Star. He was an honorary member of the DeMolay Legion of Honor.

Mr. Allen was an organizer and first president of the Children's Convalescent Center for Rheumatic Heart Fever, now the Children's Cardiac Center in Kansas City. He was a member of the Community Christian Church, the Native Sons of Kansas City, the Forty Year Club and the Children's Welfare Association and the Ararat Greeters.

He attended the Kansas City College of Physicians and Surgeons and the University of Louisville and for 23 years was employed by Reed and Carnrick laboratories, Jersey City, and was a manufacturers' representative in materials handling field equipment several years.

**Truitt R. Carrell Rites**  
Funeral services were held at 2 p.m. Wednesday at the Gillespie Funeral Home for Truitt R. Carrell, 60, former Sedalian, who died Sunday in Kansas City. The Rev. Harry Purviance, pastor of the First Christian Church, officiated.

Burial was in Memorial Park Cemetery.

**Mrs. Vergie Della Rohrbach**

Funeral services were held at 2 p.m. Wednesday at the Bowlin Funeral Chapel in California, Mo.

## Request For Wheat Shelves

### US Won't Sell To Yugoslavia At This Time

WASHINGTON (AP)—The United States has shelved at least temporarily a request by Yugoslavia to buy 500,000 tons of surplus American wheat.

State Department officials indicated this was an outgrowth of the displeasures of President Kennedy toward the Tito government because of pro-Soviet positions Yugoslavia took at the recent Belgrade conference of 25 unaligned nations.

Officials said U. S. Ambassador George S. Kennan had outlined the policy of the U. S. government toward Yugoslavia in a meeting last week with Yugoslav Vice President Mijalko Todorovic in Belgrade.

The policy in effect continues all present commitments by the United States for economic assistance but halts consideration of new programs.

Kennan gave this answer after having been asked orally by Todorovic to clarify U. S. policy toward Yugoslavia, officials said. Earlier it had been reported that Yugoslavia sought clarification through formal note rather than in an oral statement.

Belgrade has been asking Washington to consider the new request for the 500,000 tons of wheat, but the controversy in the United States over the sale of surplus Sabre jet planes has cooled American officials toward the request. There already had been surprise at the position President Tito took at the Belgrade conference while professing to be unaligned.

Officials here noted that surplus U. S. grain had been sold to Yugoslavia in each of the last three years.

Washington agreed earlier this year to sell Belgrade \$60 million worth of cotton, vegetable oil and surplus wheat. The 400,000 tons of wheat involved totaled about \$28 million. This agreement is now being carried out.

Although no official price tag was announced, the 500,000 tons of wheat requested later apparently would have amounted to \$35 million, including transportation costs.

for Mrs. Vergie Della Rohrbach, 66, wife of Oscar Rohrbach, who died Monday at her home near Clarksburg. The Rev. W. W. Helle, pastor of the Clarksburg Baptist Church, officiated.

Burial was in the Clarksburg Masonic Cemetery.

**Oliver Porter Myers**  
Oliver Porter "Oll" Myers, 81, retired railroad man who lived his entire life in the Syracuse community, died at his home there at 4 p.m. Tuesday following an illness of several months.

Mr. Myers was born Jan. 31, 1880, south of Syracuse, the son of the late Adam and Parthena Myers. On Oct. 16, 1909, he was married to Maude L. McNeal in Sedalia and the couple celebrated their golden wedding anniversary in 1959. Prior to his retirement he was a member of the maintenance crew of the Missouri Pacific. He was a veteran of World War I and a member of Olive Branch Church.

Surviving are his wife, Mrs. Maude Myers, of the home; two daughters, Mrs. Emmett Combs, Smithton; Mrs. Roscoe Yarnell, Syracuse; three sons, Allie Myers, Moffett, Okla.; Hank Myers, of the home; Oliver P. Myers, Jr., Syracuse; 13 grandchildren, 14 great grandchildren, and one sister, Mrs. Ernest Moon, Syracuse. He was preceded in death by two infant daughters.

The body is at the Richards Funeral Home in Tipton and will remain there until time for the funeral services at 2:30 a.m. Thursday at the Mt. Carmel Baptist Church, six miles south of Syracuse, with the Rev. Bob Potter, pastor of the Syracuse Baptist Church, to officiate.

The church choir will sing, "Beyond the Sunset" and "Will the Circle Be Unbroken" with Mrs. Hadley Stahl at the piano.

Pallbearers will be: Bill Hutchinson, Jiggs Combs, Doug Peoples, Lon Myers, Clyde Myers and Jimmy Williams.

Honorary pallbearers will be: Dennis Moon, Willis Hays, Harry Keevil, Harry Fowler, R. V. Williams, John Poe, Bill Hubbard and Pete Smith.

Burial will be in Mt. Carmel Cemetery.

**Mrs. Vergie Della Rohrbach**  
Funeral services were held at 2 p.m. Wednesday at the Bowlin Funeral Chapel in California, Mo.

**Truitt R. Carrell Rites**

Funeral services were held at 2 p.m. Wednesday at the Gillespie Funeral Home for Truitt R. Carrell, 60, former Sedalian, who died Sunday in Kansas City. The Rev. Harry Purviance, pastor of the First Christian Church, officiated.

Burial was in Memorial Park Cemetery.

Hubbell, Jr., 2228 West Second Street Terrace; Mrs. Ryland Logan, Route 1.

**Fires In City**

In a report on "Fires In the City" in Tuesday's Capital and Democrat, an item about a 1957 Buick listed the address of the car owner as 520 West Pettis where the auto fire occurred.

Mrs. C. L. Thomas, of that address, stated today that the car was parked in her driveway at the time, but the owner, Charles Finis, does not live at her address. The story referred to the occupant, who smelled burning rubber prior to discovery of the fire, as Finis' wife which is incorrect.

The Sedalia fire companies answered a call to Grand and Clinton Road where a 1953 Nash owned by Ray Conyers, 234 South Montebau, was burning. The fire was out when the fire trucks arrived. There was no damage. A back-fire through the carburetor was listed as the cause.

Sparks from a trash fire ignited some loose straw which in turn burned a front tire on a 1951 Chevrolet truck at 12:40 p.m. Wednesday.

City firemen reported the truck belonged to Edgar Blakely, 419 East 16th, who put the flames out with a garden hose before the fire truck arrived on the scene. Damage was estimated at \$30, firemen said.

**Marriage Licenses**

Marvin William Mettler, 1311 South Montebau, and Ruby Geraldine Klein, Route 3.

**Police Reports**

A Mrs. Rooks, owner of the Econ-O-Matic Laundry, 15th and Ohio, reported Tuesday that a coin device on a massage machine had been pryed off and taken. Some change was in the device. Sgt. Perry Franklin investigated.

A Mrs. Hoover, 903 South Ver-

### Corrections

In the account of the three-car accident at Fifth and Lamine Monday, The Sedalia Democrat and Capital neglected to report that the 1955 Ford driven by Vera Watring, 1600 Honeysuckle, was damaged on both the front end and the rear bumper.

The address of Lester Murray, given in The Sedalia Democrat Tuesday and in the Sedalia Capital Wednesday morning, in relation to an incident at Fifth and Lamine early Sunday morning, was incorrectly given as 639 East 19th. It has since been learned that this was his last known address, but he has since moved.

mont, reported Tuesday that a man driving a blue and white Cadillac stopped by her home and offered to spray a tree he said was dying, for \$5, and save the tree. She said the man got a spray out of the back of his car and spent about five minutes working on the tree. Mrs. Hoover called the police and a check with the City Tax Collector's office revealed that the man is not listed among authorized tree specialists working in Sedalia. Officials suspect Mrs. Hoover was "taken."

Mrs. Arowana Rice, Georgetown, reported Tuesday afternoon that her 1949 Ford had been stolen from the MFA parking lot. The car was later found on Georgetown road.

### Police Court

A charge of driving while under the influence of intoxicating beverage against Ronald K. Vansell, 415 West Tenth, was reduced by Judge Leonard Ditzfeld to careless and reckless driving. Vansell pleaded innocent to this charge, but after a hearing was found guilty and fined \$50. William F. Brown was the attorney for the defendant.

J. O. White, Des Moines, Iowa, charged with careless and reckless driving, failed to appear and his \$25 bond was ordered forfeited.

Three overparkers failed to appear and their \$1 bonds were ordered forfeited and 80 others paid the 25-cent fee.

A charge of careless and reckless driving against Etta Grother, 300 West Third, was dismissed when she explained that some street barricades were involved, and she misjudged some distances.

### Circuit Court

Juanita Williamson filed a petition for \$35,000 damages against Carolyn Sutherland in Circuit Court Oct. 18. The suit is in connection with an accident on the parking lot near the Brinc building on West Ninth Sept. 25.

Delton L. Houtchens, Clinton, is the attorney for the plaintiff.

### Some Water

(Continued from Page One)

fire hydrants have been ordered installed by the city, but no money is available to install the proper size mains to the hydrants.

Revenue under the old rates was inadequate to meet the cost of main replacements, rebuild the treatment plant, pay normal operating expenses and pay for the retirement of bonds and pay interest on the bonds.

The new rates will allow for repair and maintenance of the plant, a continued supply of water approved by the Division of Health, timely repairs and replacements as they become necessary, pay interest and principal on the bonds and keep the reserve fund up to date, and to keep the system in an up-to-date condition.

The goals set forth by the board will be attained over an extended period of time, on a schedule now being worked out by consulting engineers and the Division of Health.

The new rate schedule is as follows:

**Monthly Service Charge:**

**Meter Size**  
3/4" Meter \$1.75  
1" Meter 2.63  
1 1/2" Meter 3.96  
2" Meter 6.65  
3" Meter 10.33  
4" Meter 17.68  
6" Meter 26.25  
8" Meter 52.50

**Water Charge:** Inside and Outside City Limits

First 10,000 gallons per month at \$7.18 per 1,000 gallons  
Next 40,000 gallons per month at \$6.21 per 1,000 gallons  
Next 50,000 gallons per month at \$5.52 per 1,000 gallons  
Next 100,000 gallons per month at \$4.42 per 1,000 gallons  
Next 500,000 gallons per month at \$3.31 per 1,000 gallons  
Next 1,000,000 gallons per month at \$2.21 per 1,000 gallons  
All over 1,700,000 gallons per month at \$1.66 per 1,000 gallons (Municipal customers' rates consist of the monthly service charge shown above plus a water charge of \$1.77 per 1,000 gallons.)

**Unmetered Fire Service Rates:**

Municipal Fire Hydrants, each \$69.00  
Private Fire Hydrants, each 96.60  
Automatic Sprinkler Systems, Sprinkler Heads, each .05  
Minimum Bill 82.80

**Fire Hose Risers:**

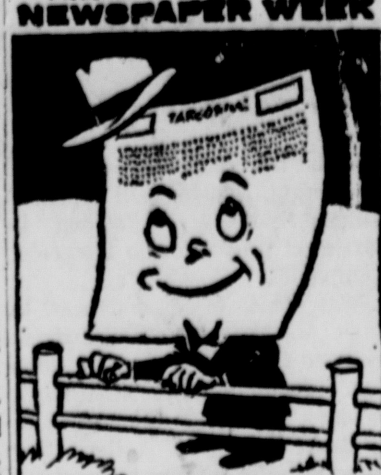

First 2 inch riser in building not more than 3 stories in height above basement, with not more than one hose connection on each floor and an extra connection in basement 27.60

Each additional 2 inch riser as stated above 20.70

Each 4 inch riser in building not more than 3 stories in height above basement, with not more than one hose connection on each floor and an extra connection in the basement 41.40

\*Payable monthly.

### The 26th Newspaper Week

The news keeps you in the vanguard of marching events and adds meaning to them. Only through me can you travel so far and learn so much of this age in which you are living.

### 76 Are Registered For Lutheran Conference Here

"Peace must be made; it must be sought; it is not an integral part of the make-up of the society of natural men," asserted Prof. Norman Gienapp yesterday at the West Missouri Conference of Missouri Synod Lutheran pastors in session at St. Paul's Lutheran Church. He continued as he made further explanations in his essay on Christ's sermon on the mount: "The peace with which the peace-makers have to do is centered in Christ. In Him is our peace."

A program for the training of more leaders for Bible classes in the churches was explained by Dr. L. J. Dierker, executive secretary of Christian education in the Western district. Stewardship and missions matters were presented by the Rev. Herman Scherer of St. Louis.

Registration for the first day of the three-day meeting numbered 76. The Rev. Walter F. Strickert, pastor of St. Paul's Lutheran Church of this city, is chairman of the conference.

### Halloween Carnival Set at Horace Mann

The Parent-Teachers Association of Horace Mann School is sponsoring a Halloween carnival at the school from 5:30 to 9 p.m. Friday night.

Admission to the carnival is 10 cents. Features will include a door prize, fortune tellers, a pony ride, fish pond and a beauty and barber shop where the girls can get glamorized and the boys can get a shave. Also set up will be a fun house and magic show. PTA officials announced.

Hot dogs, soda pop, pie and coffee will be served.

### Country Club Stag Dinner Thursday

The October stag dinner at the Sedalia Country Club will be held at 6:30 o'clock Thursday evening. Included in the program will be a moving picture of the Master Gold Tournament. Reservations for the dinner must be made immediately.

### Funeral Rites Set For Calypso Writer

NEW YORK (AP)—Funeral services will be held Thursday for the man who wrote two of the most widely known calypso songs—"Mary Ann" and "Rum and Coca Cola."

Lord Invader, born Rupert Grant in Port of Spain, Trinidad, died Sunday in Harlem Hospital after an illness of a month. He was 47.

### To Hold Party

The Loyal Rebecca Sewing Club will have a Halloween party at their hall at 7:30 p.m. tonight.

## Desert Is Best Spot to Avoid Heavy Fallout

LOS ANGELES (AP)—Nobel prize-winning chemist Willard F. Libby said Tuesday of the perils of nuclear war: "If you really want to avoid the worldwide, long-range fallout, go live in a desert."

Because fallout is carried by rain and there is little rain in the desert, such an area would be relatively free of worldwide fallout, he told the National Civil Defense Council.

He said fallout shelters will not protect humans against the long-range effects of radiation but do protect against local fallout.

At a news conference, Dr. Libby said the nation would be in jeopardy without fallout shelters and radiation meters to measure the amount of local radiation. Shelters could save millions of lives and construction should begin immediately, he added.

"In addition," he said, "every household should have a radiation meter."

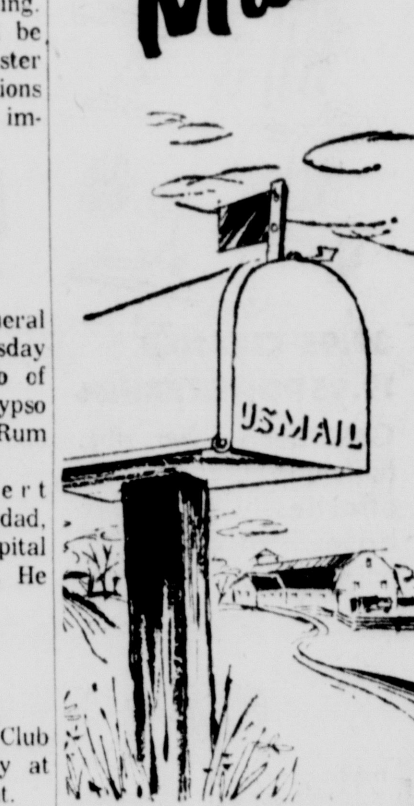

### Traffic Cops Wear Eye-dazzling Vests

MEMPHIS, Tenn. (AP)—Eye-dazzling vests have been thrown into Memphis' traffic safety battle. Police who direct traffic on dark streets will wear the bright orange and white vests, enabling motorists to see them better.

## Pound Home the Record

This country has recently taken some fairly healthy strides toward shifting off the psychological defensive. We can move another long step by acting to demolish what has come to be known as the "doctrine of equal guilt."

This doctrine is the line preached by many neutrals and even some elements among our allies, to the effect that we and the Sino-Soviet Communists are equally to blame for world tensions, for the failure of the great powers to reach settlements on such major issues as nuclear testing, broad disarmament, Berlin, the future of Southeast Asia.

Now, the vividly inscribed history of the cold war, available for neutrals and everybody else to read, establishes the utter falsity of these judgments. Indeed, the insistence with which these grossly unfair and inaccurate conclusions are repeated in the face of overwhelming contrary evidence borders on the hypocritical and immoral.

White House sources indicate President Kennedy has long since downgraded the idea that a real body of "world opinion" exists. His rising disillusionment with many neutrals is also documented.

What better, then, than that he seize every occasion to slap down their talk of "equal guilt" and expound the truth of solitary Communist guilt?

The President—and Adlai Stevenson in the United Nations—should drum constantly on these strong arguments.

● We proposed nuclear disarmament when we had an atomic monopoly in the first post-

war years. Endlessly since then, we have come forward with concrete, specific, enforceable nuclear and general disarmament proposals. They have met with total Red rejection.

● Long before the East-West division of Germany and Berlin became solidly frozen, we repeatedly offered sensible terms for a German peace treaty, including provisions for free election, reunification, mutual guarantees at once protecting Germany and its old-time adversaries.

The Russians spurned them all, riveted their zone into the Red orbit, tried scheme after scheme to drive us from our zones. The notion the Kremlin now glibly tosses around, that Russia merely wants a long-delayed German peace treaty, is a complete phony.

● We stopped atmospheric nuclear tests in 1958 and still have not resumed them. The Russians are polluting the atmosphere with "dirty" nuclear devices at a steady pace, and have flatly rejected a U.S.-British appeal to join in a new atmospheric test ban.

In these and virtually all other matters looking toward special or general settlements in Europe, in Asia and elsewhere, Moscow and Peking have erected a Berlin-type stone wall against all reasonable Western offers. They have greeted honest negotiations with contempt.

We did not mortar a single stone in the wall that stands as a bar to peace. We should challenge, directly and continuously, any nation or leader that says we did.

### National Newspaper Week Essay Contest

## The Vital Role of the Free Press

(Editor's Note: This is the fourth in a series of six essays written by Sedalia students in connection with a National Newspaper Week contest being sponsored by the local Elks lodge in cooperation with The Democrat-Capital. The essays deal with freedom of the press. One will be published each day. One will be selected by a board of Elks' judges as the winner and will receive a \$50 Savings Bond at a dinner Friday night. The winner's name will appear in next Sunday's Democrat-Capital.)

By Bonnie Sue Cole  
Smith-Cotton High School

The philosophy upon which our government is based is democracy or the theory that people should have the right to make their own decisions. The ability to

make wise decisions includes the knowledge of facts relevant to a given situation. We gain this knowledge through a free press which prints the facts without fear of reprisal.

The press stands in the position of a critic. Through numerous connections it has the power to know what is happening in various parts of the world. Newspapers have a far-reaching voice which can be used constructively to point out faults in our government. Through this useful criticism the government can correct its mistakes and improve.

During elections the press is more important than ever. Excerpts from a speech and often an entire speech of a candidate is printed in the newspaper. This gives local people the opportunity to know different candidates'

stands on predominant issues. Because of the style of composition used in newspapers, difficult and involved issues are condensed to a form understandable by the common layman.

Newspapers play an important part in the mass education of the public. The people of the United States, from paupers to millionaires, are kept informed about events throughout the world. Newspapers are priced low enough that the poor can afford them, yet they give such a satisfactory report of the daily happenings that the rich find them a useful source of information.

The newspaper is a symbol of America which typifies one of our greatest freedoms, the freedom of speech.

### We, The Women

## The 'Secret Ingredient'—It's Executive Ability

By RUTH MILLETT  
Newspaper Enterprise Assn.

Don't waste time wondering what the woman who seems to accomplish twice as much as you with half the effort has that you don't have. The answer is bound to be ORGANIZATION.

Two housewives can keep busy for the same number of hours a day. One will accomplish everything she has to do without feeling rushed or pushed. The other ends the day tired and frustrated, with half the things she meant to do left undone.

Both are hard workers. Both are conscientious homemakers. The difference: One is organized like any successful executive. The other has never thought of home-making as a job that requires planning and executive ability.

The housewife executive doesn't burden herself with chores and responsibilities that can and should be handled by other members of the family. She divides the work, and expects each member of the family to do his share.

### The Mature Parent

## Overprotective Parent Has Compulsion to Excel

By Mrs. Muriel Lawrence  
Newspaper Enterprise Assn.

Bobby entered the second grade this fall.

Every morning his father drives him to school on his way to his office. Every afternoon the school bus deposits him on the corner half a block from his house.

As he is not required to make any street crossings, his homecoming is as safe as human limitations can make it. But his mother insists on suffering agonies of anxiety until he comes within reach of her eyes.

If his bus is three minutes late, she runs down to the corner to wait for it; when the driver opens the doors to eject Bobby, she seizes upon him as though he'd just returned from a dangerous mission in enemy territory.

On these occasions she is uncomfortably aware of the half-contemptuous, half-skeptical look from the school-bus driver.

Overprotective parents get used to this look on the faces of other people. We sense that they regard our displays of excessive concern for children as phony. But we resist what we sense. For we don't want to know that our parade of concern for Bobby's safety is really a parade of the superiority of our parental love.

We prefer not to know that our noble anxiety has in act little to do with Bobby but has a great deal to do with our view of ourselves as particularly sensitive, particularly responsible persons.

Like all overprotective parents, we live in terror of anything happening to Bobby lest his involvement in any misfortune accuse us of failure in parental obligation to him.

Though this is rough on Bobby, it's rougher on us. Being a parent contains quite enough real anxiety without such inflation.

It's customary for child guidance experts to sneer at the love of overprotective parents for their children.

This is unfair, I think. I think Bobby's mother is fairly fond of him. The problem is, ordinary affection isn't good enough for her.

The overprotective parent can never be ordinary in anything.

Wanting to be the tops in parental devotedness is just part of a lifelong need to excel in everything. She likes Bobby well enough. It's just that she likes being special a little more.

So she'll have to keep on pro-

ing it by rushing herself down to the school bus corner every afternoon to escort her abled-bodied child home.

## NATO's 11 Years

By Cyrene Dear  
(DPA Special Service)

PARIS—The headquarters of the North Atlantic Treaty Organization, NATO is located a few blocks from the Arc de Triomphe in Paris.

The Treaty was signed April 4, 1949. It proclaims in its preamble the determination of member governments "to safeguard the freedom, common heritage and civilization of their peoples, founded on the principles of democracy, individual liberty and the rule of law."

As well as constituting a defensive military alliance, the parties consider an armed attack against one or more of them as an attack against them all. The Treaty also aims at developing political, economic, social and cultural cooperation between member countries.

The fifteen member countries of NATO are: Belgium, Canada, Denmark, France, the Federal Republic of Germany, Greece, Iceland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Turkey, the United Kingdom and the United States.

The North Atlantic Council is the highest authority in NATO. It is composed of representatives of the member countries. Since they are sovereign states, equal in status, all decisions must be taken unanimously. The Council may meet at the level either of Ministers or of Permanent Representatives, two or three times a year. The Permanent Representatives hold the rank of Ambassadors and meet once or twice a week. At whatever level the council meets, the chairman is the Secretary General of NATO. The present Secretary General is Dirk U. Stikker. The present United States ambassador to NATO is Thomas Finletter.

Each year the Foreign Minister of a member state is President of the Council. The Presidency rotates annually according to the alphabetical order of the NATO countries. The flags of the NATO countries are also rotated every morning at the Supreme Headquarters Allied Powers Europe, which is located about eight miles outside of Paris.

At the level of Chiefs-of-Staff they meet twice a year or more often if necessary. The Standing Group of the military committee is composed of representatives of the Chiefs of Staff of France, the United Kingdom and the United States. It is through this committee that military advice, recommendations and decisions of the NATO military authorities are communicated to the Main Council or submitted to it for approval. The standing group is kept informed of the work and decisions of the Council.

The present Supreme Allied Commander in Europe is General Lauris Norstad. His predecessors were Generals Dwight D. Eisenhower, Matthew B. Ridgway and Alfred M. Gruenther, all of the United States Army.

The achievements of NATO in its eleven years of service can be summarized as follows: peace and security have been preserved in its area; Soviet expansion westward has been halted; the Treaty has set up a unified defense system for its member nations, the member nations have increased their economic prosperity and political harmony.

The achievements of NATO in its eleven years of service can be summarized as follows: peace and security have been preserved in its area; Soviet expansion westward has been halted; the Treaty has set up a unified defense system for its member nations, the member nations have increased their economic prosperity and political harmony.

### Washington Merry-Go-Round

## Russians Negotiating From Strength

(EDITOR'S NOTE — Based on his recent trip to the Soviet Union and his interview with Premier Khrushchev, Drew Pearson diagnoses the pros and cons of our problems with Russia.)

DREW PEARSON

WASHINGTON — There are both favorable and unfavorable factors influencing the Berlin crisis and the 22nd Communist Party Congress now meeting in Moscow. Americans are inclined to look chiefly at the unfavorable factors, but let's look at both: first, the unfavorable, and tomorrow the favorable.

The most unfavorable factor influencing our negotiations with Moscow is that the Soviet today is strong. As Nikita Khrushchev expressed it to me: "We have grown up now. You are not going to take us by the ear and push us around any more."

In 1946, just one year after the end of World War II, Stalin had massed Soviet troops in Northern Iran ready for a push through Iran to the Gulf of Persia. It was a warm-water route to the outside world that the czars coveted long before Stalin and which he very much coveted then.

An American State Department official, Joe Panuch, received cabled warnings from the American Consul in Northern Iran, and unable to get top State Department officials to take sufficient action, gave them to me. When I published them, the newly formed United Nations galvanized into action, halted the Soviet before the bar of wry public opinion, and Stalin backed down. He pulled out his troops.

### 60,000 Troops To Germany

Today, the Red Army is far more powerful than in Stalin's day. Stalin's army had emerged from the terrific punishment of World War II. It was strong numerically, but not in the will to risk another war and not in modern weapons.

Today the Red Army has the most modern weapons in the world, the terrible casualties of World War II are 16 years behind and, as Khrushchev told President Kennedy at Vienna, Russia is ahead in the missile race.

"It is not for nothing that we have been sending a man around the world," Khrushchev said. "Our missiles are bigger than yours and they are accurate."

"If you send 50,000 men to West Berlin it will not frighten us. We will even thank you for it. It will give us a chance to destroy American manpower quicker. As a Naval officer you will understand that. We have more

troops than you do and they are closer to Berlin."

Khrushchev has now made good his threat. His talk with President Kennedy was on June 3. In the late summer, Kennedy sent 40,000 additional U.S. troops to West Germany, and has just ordered another 10,000. Khrushchev has trumped this almost man for man.

He has now sent 50,000 Russian troops to East Germany, plus 10,000 Polish troops, plus a Czech contingent which U.S. intelligence has not appraised as yet. This makes a minimum of 60,000 new Communist troops, against 50,000 new U.S. troops, now maneuvering not far from Berlin.

And they are much closer to Berlin than the American NATO Army in West Germany, which is 110 miles away. Only 6,000 U. S. troops are actually in West Berlin.

### Accurate Claims

Both American scientists and Pentagon experts have found that Moscow tells the truth about its space and military achievements. It doesn't reveal them until it's ready, but when it does the claims are accurate. U.S. monitoring stations even picked up the heartbeat of Yuri Gagarin as he passed over the United States and knew the Russian announcement on his orbit was accurate.

I also found that what Khrushchev told me turned out to be the truth. He told me: "I am now facing a problem. By Fall one age group of our army is scheduled to be demobilized. . . . I am leaning toward the idea of leaving them in until the Berlin crisis is over."

This was exactly what he did one week later. He also told me that he was under pressure from the military to resume nuclear testing. "They argue that if there is to be war they have some new weapons that must be tested." He resumed nuclear testing a short time later.

All of this means that the Russians are not likely to retreat over Berlin as they did in Iran in 1946, or as they did during the Berlin blockade of 1948-49. They not only have the strength, but Khrushchev has the critical breath of the Red Chinese on the back of his neck, plus Stalinist influences inside the Kremlin, ready to pounce on him if he retreats too much.

On the other hand I am convinced that Khrushchev is also telling the truth when he says he does not want war.

"We regard the strength of the United States in very serious light," he told me he had told President Kennedy. "I believe we are stronger. If you impose war upon us, that will decide. But it will be a test that will be deplorable."

That, in brief, is the most unfavorable aspect of our negotiations today: the Soviet is strong, very strong, and in the eight years since the end of the Korean war, the American military position is comparably weaker. Kennedy has to bargain with heart and brains, not entirely with military brawn.

## Teen Charge Accounts

More and more teenagers are saying "Charge it." Whether the practice is good or bad depends upon who is making the appraisal.

Stores have adopted the policy that for a teenager to be a charge customer is an effective way to educate youngsters in money management and help them develop self-sufficiency, as well as to win new customers.

Critics, however, call them immoral attempts to teach young people the habit of buying on credit and to encourage them to spend more than they can afford.

Most stores that permit teen-age accounts require consent of the parents. The credit is usually limited to \$25 or \$50 at the most and the payments are made on a thirty day or sixty day basis. In many stores permitting this practice, they have found that juniors have proved to be better credit risks than their elders.

The teenage "charge it" system depends entirely on the integrity of the young person, the amount of allowance he is permitted, and the wisdom of the parent. However, to have to pay in cold cash for something you have purchased gives anyone a more concrete idea of what it costs than to walk off with the purchase or have it sent, and simply say "Charge it."

### The Doctor Says

## Dermatologists Explore Problems of Aging Skin

By Harold Thomas Hyman, M. D.

Here are some hints given by a pair of prominent dermatologists on the subject of the aging skin:

Features of the aging skin are: scaliness, wrinkling and drooping.

Water-in-oil emulsions (cold creams) and oil-in-water emulsions (vanishing creams) relieve dryness and scaliness. Their cost, but not their usefulness, is increased by coloring matter, perfumes, hormones and other medicinal products.

Wrinkle creams are "quite useless."

It seems unlikely that any locally applied product will stop or reverse the changes that take place well below the surface of the skin and that are the changes responsible for wrinkling and sagging.

Certain of the anti-wrinkle creams contain mercury which, if deposited below the surface, may produce a peculiar and permanent dirty - appearing discoloration.

Anti-freckle creams are ineffective and may cause "violent reactions."

There is no proof that hormone creams act as skin rejuvenators. Other than softening and smoothing the skin in the manner of an unmedicated cold cream or vanishing cream, there is no proof that these attractively advertised products have any beneficial effect.

Prolonged, overuse of hormone cream may result in sufficient absorption of the gland extract to produce serious changes throughout the body. Indeed, there is a remote possibility that they may stimulate cancer growth (carcinogenesis).

The addition of animal and fish extracts, amniotic fluid, turtle oil and royal jelly "falls into the realm of 'malarkey.'"

"We sincerely doubt that a panacea for the aging process is in the making. Nothing yet discovered will restore lost youth."

Changes in the skin usually interpreted as aging are largely due to the cumulative effects of sunlight. If one compares unexposed and exposed areas of the same individual, it is unusual to find degenerative changes in unexposed areas.

Sun-damaged skin, like the

aging skin, is dry, coarse, wrinkled, freckled and browned. These changes are most marked in those of light complexion and least marked in the Negro, whose skin is protected by its dark pigment.

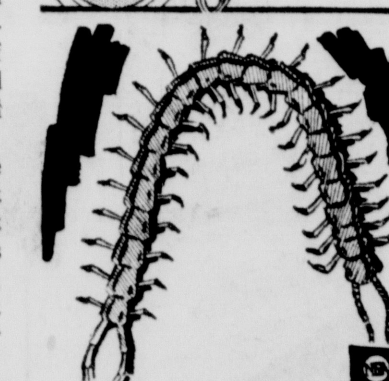

Sun screens and cosmetics that filter out some of the more harmful wave lengths of ultraviolet light may aid somewhat in preventing skin changes. But the benefits are scanty in comparison with the extent of the damage.

And, just to add confirmation to the statements of the dermatologists about sun damage, the National Cancer Institute has just completed a survey that shows a constant increase in the rate of skin cancer in white populations dwelling in the southern United States. Indeed, the incidence rate is doubled for each 265 miles of a southward journey.

**(matter of fact)**

If the insect called the "centipede" lived up to his name, he'd have 100 legs, and the "millipede" would have 1,000. But you can't always trust a name. The common house centipede has a grand total of 15 pairs of legs. Garden centipedes have 21. Other centipedes may have up to 200 legs. The common millipede, when you actually count his "thousands" of wiggly legs, has a mere 60.

## Calling Up National Guard Hits Kansas Village Hard

(Editor's Note: The impact of the National Guard call-up on a town of 4,000 population is detailed in the following article written by Pat Taylor, editor of the Norton Daily Telegram.)

The Norton unit, the headquarters and headquarters detachment of the 110th Ordnance Battalion (Ammunition), was ordered up for active duty starting Oct. 15.

Members will train at the army in Norton before leaving for Ft. Riley about Oct. 25. As far as the men know, they'll be stationed at Ft. Riley. But that's up to the Army.

The figures aren't being disclosed officially, but it is known there are around 70 men in the Norton unit. Most are from Norton or immediate vicinity.

Since the population of Norton

## Two Packers Included

## Add Sportsmen To Military List

By DON WEISS

Associated Press Sports Writer

Football stars Paul Hornung and Ray Nitschke, both of the powerful Green Bay Packers, and baseball player George Thomas have been added to the growing list of professional athletes recalled to active duty in the Defense Department build-up.

The over-all list, a check revealed today, now totals nearly a score, and indications are many more are still to come.

None of the call-ups, however, hit with the force of the announcement Tuesday that the Packers, defending Western Division champions of the National Football League, probably will be without halfback Hornung and linebacker Nitschke for the second half of the season. Their loss could cost the Packers of Vinnie Lombardi a chance to repeat as Western champion. Green Bay shares first place now with San Francisco.

Hornung, 25, a former star quarterback at Notre Dame, has won the NFL scoring championship the last two seasons and is well in front this season with 77 points in five games, including a 33-point spurge against Baltimore Oct. 8. Probably the most versatile back in pro football, Hornung is an ace runner, good passer, and is Green Bay's field goal, conversion and kickoff expert.

Nitschke, 24, former Illinois fullback, became a regular with the Packers last season and has been a standout on the defensive platoon this year. The Packer defense has permitted only 51 points—fewest in the 14-team league.

Hornung, who is single, has been ordered by 14th Army Corps headquarters to report to Ft. Riley, Kan., Oct. 30. Nitschke's orders direct him to report to Ft. Lewis, Wash., Nov. 2. The Cleveland Browns' halfback Bobby Mitchell, another former Illinois player, was recalled to active duty Monday, effective Nov. 2.

In addition to Hornung, Nitschke and Mitchell, NFL players affected by call-ups so far include tackle Dick Schafrath of the Cleveland Browns, defensive tackle Lou Cordileone and guard Mike

Magac of the San Francisco 49ers, and Taz Anderson, guard Bob DeMarco and tackle Ernie McMillan of the St. Louis Cardinals, quarterback Lamar McHan of Baltimore, and defensive back Tom Frankhauser of the Dallas Cowboys.

In the American Football League, the players affected include quarterback Jack Kemp and tackle Ron Mix of the unbeaten San Diego Chargers, end Herm Urenda and lineman John Jelacic of Oakland, and Bill Boehnelt of Denver.

Thomas, outfielder and third baseman for the Los Angeles Angels of the American League, joins a major league baseball list that includes pitcher Steve Barber, an 18-game winner, and shortstop Ron Hansen of the Baltimore Orioles; shortstop Ruben Amaro of the Philadelphia Phillies, who reported Tuesday to Fort Meade, Md.; and outfielder Bob Taylor of the Milwaukee Braves.

## Two Choices For Midland Backfield

By SKIPPER PATRICK

Associated Press Sports Writer

John Hadl, Matt Szykowny, Dave Hoppmann. Take your honorable choice for the top backfield job among Midlands football players last Saturday.

Hadl, Kansas' 200-pound senior quarterback-halfback who was a terror to opponents last season, finally got himself in high gear and led the Jayhawks to their first victory of the season, 21-7 over Iowa State.

Playing halfback the first three periods and scoring the game's first touchdown, Hadl shifted to quarter the last period, scored the winning touchdown and directed the other. He averaged 45 yards on 5 punts.

Szykowny filled in for the injured Wilburn Hollis and led Iowa to an easy 27-8 victory over Indiana. He completed 13 of 22 passes for 128 yards.

Had Iowa State won, Hoppmann would have had the weekly honor all to himself. The 176 pound Hoppmann, who plays tailback in the Cyclones strong single wing, carried the ball 33 times for 123 yards, passed for his team's touchdown and played a terrific defensive game.

The District Five All America Board which weekly singles out the top performers in the area, also cited Gale Weidner, Colorado quarterback; Thunder Thornton, Nebraska halfback; Alex Zyskowsky, Wichita quarterback; Phil Lohmann, Oklahoma fullback; Andy Russell, Missouri fullback, and Joel Searles, Kansas State halfback.

**Broadway Bowling Lanes**

Pettis Chapter No. 279, O. E. S. Special meeting Friday, Oct. 20, at 7:30 p. m. at the Masonic Temple, Broadway at Missouri. Reception honoring Brother Edwin W. Kettleson, Associate Grand Patron, Grand Chapter of Missouri.

## Pat Refuses Last Fall

## O'Connor And LaRosa Event Into a Draw

The Pettis County Post No. 16, American Legion, wrestling event held Tuesday night proved to be one of the best balanced seen here in some weeks. In fact all events were crowd pleasers. Real sportsmanship was displayed by Pat O'Connor in his match with Guy La Rosa, when he refused to take the third fall when La Rosa injured a knee and asked it be marked in the "books" as a draw.

O'Connor won the first fall with a leg roll and cartwheel in 12 minutes and 48 seconds. La Rosa succeeded in taking the second with an airplane spin in 10 minutes and 25 seconds. In the third fall La Rosa injured an already hurt knee and was unable to stand on his right leg. The referee walked over to award the fall to O'Connor by virtue of La Rosa being unable to continue.

It was then O'Connor waved the referee to one side and said "no." He moved to the corner where the microphone was located, reached down and publicly announced he was declining the honor as La Rosa's injury was strictly an accident, and declared he wanted only a draw. The injury occurred after five minutes and 25 seconds of the period had passed.

Boy Boyer and Edgar "Tarzan" Tyler went 15 minutes to a draw in the opening event.

Evelyn Stevens won her one-fall match over Dot Dotson in nine minutes and 27 seconds. Stevens grabbed Dotson on a rebound from the ropes and went into a reverse leg lock and press to win.

The final event, a team-tag match, saw unnecessary roughness cost the match as far as "The Alaskan" and Tyler were concerned and the victory switched suddenly to Ronnie Etchison and Boyer on a reverse decision by the referee.

Tyler won the first fall over Etchison with a back breaker in 14 minutes and 52 seconds. Etchison came back to win the second fall over Tyler in six minutes and 59 seconds, using a knee stomp and press. The third fall was won by Tyler over Boyer, but when he continued unnecessary roughness, participated in by The Alaskan, the referee stepped in, reversed the decision and awarded it to Boyer and Etchison. Eight minutes and 10 seconds had passed in the final period.

## Name Team Leaders In Scoring, Offense

NEW YORK (AP) — Texas, Notre Dame, Detroit and West Texas State are the team leaders in offense and scoring among college football teams this week.

Statistics from the NCAA Service Bureau today show Texas the total offense leader with an average of 446 yards in four games, rebounding Notre Dame leading in rushing offense with a per-game average of 320.3. Detroit the passing leader with 211.7 yards per game, and West Texas State the scoring pace-setter with 156 points in four games, a whopping 39-point average.

## Bill Kilmer Is Tops In Ground Gains

NEW YORK (AP)—Jim Taylor and Paul Hornung of Green Bay and Milt Plum of the Cleveland Browns held their places atop the National Football League's principal offense tabulations last week. But the glamor boy of ground-gaining was rookie Bill Kilmer of the San Francisco 49ers.

Kilmer, national college leader in total offense last season and most valuable player in the All-Star game at Chicago last summer, found himself as a pro runner when he was installed as one of the three rotating quarterbacks in San Francisco's shotgun offense.

In his last three games, Kilmer has run for 334 yards and has scored eight touchdowns. Latest NFL individual offense figures show him as the No. 4 rusher with 356 yards on 59 carries and tied with Baltimore's Lenny Moore for second in scoring with 48 points. He also has completed 11 of 22 passes for 172 yards.

Green Bay's Taylor also scored four touchdowns in the Packers' rout of Cleveland and ran for 158 yards to improve his lead over Jimmy Brown of the Browns. Taylor has gained 518 yards in 81 attempts for a 6.4 yard average. Hornung picked up 13 points on a touchdown and seven conversions to run his point total to 77.

Plum, who took the passing lead the week before, maintained it in the intricate NFL computations by completing 17 of 26 for 193 yards.

# 14 Members Of Sorosis Are Honored

A luncheon honoring the 14 new members of Sorosis was held Monday noon at the Heard Memorial Club House.

Mrs. James McNeal, president, presided over the meeting, and invocation was given by Mrs. D. P. Dyer.

The new members were presented by their sponsors as follows: Mrs. Edwin T. Swobe, whose sponsors were Mrs. William P. Hurley and Mrs. Harold Dean; Mrs. James Giokaris, sponsored by Mrs. James McNeal and Mrs. Carl Siegel; Mrs. Martin Goodrich, sponsored by Mrs. K. U. Love and Mrs. William E. Hurlbut and presented by Mrs. Herb Mason; Mrs. C. Omer West, sponsored by Mrs. William E. Hurlbut and Mrs. Donald C. Proctor and presented by Mrs. Keith Yount; Mrs. R. M. Overstreet, sponsored by Mrs. Carl Siegel and Mrs. James McNeal; Mrs. William Bunn, sponsored by Mrs. Robert Enoch and Mrs. William Gibson; Mrs. Burl Sammons, sponsored by Mrs. H. C. Sammons and Mrs. C. L. Carter; Mrs. George Thompson, sponsored by Mrs. C. G. Wilson and Mrs. John B. Cook; Mrs. Morris Sagaloff, sponsored by Mrs. Austin Hurley and Mrs. K. U. Love; Mrs. F. B. Griffin, sponsored by Mrs. W. L. Layne and Mrs. Carrie Hieronymus; Mrs. R. J. Bugne, sponsored by Mrs. C. W. Mathieson and Mrs. Alice Wolfe; Mrs. Sam Ross, sponsored by Mrs. Frank Armstrong and Mrs. Robert Johnson; Mrs. W. H. Ritzenthaler, sponsored by Mrs. Fred Shaffer and Mrs. N. U. Renshaw and Mrs. Louis Hughes, Jr., sponsored by Mrs. Philip McLaughlin and Mrs. Austin Hurley.

Mrs. McNeal introduced the officers of Sorosis, the departmental chairmen, the executive board, members at large, registrar, chairmen of committees, with reports given by chairmen of the permanent committees.

The luncheon was arranged by Mrs. C. J. Chapman, chairman of the social committee and members of her committee, Mrs. William Eschbacher, Mrs. Clinton Muller, Mrs. Russell Peck, Mrs. Herbert Seefelt, Mrs. Robert Stewart and Mrs. Jack Shoemaker.

The luncheon tables were attractively decorated with bouquet of asparagus fern with colorful ribbon bows.

## At Altrusa Club

## The Permanent Revolution Subject Of Nutter's Talk

Charles Nutter of the Hallmark Foundation, Kansas City, was speaker at the foreign affairs banquet held Monday night by the Altrusa Club at the First Methodist Church, using for his subject: "The Permanent Revolution."

Nutter, who stated he was in Sedalia and worked on the Capital in 1921 said that people thought at that time we were on the way to peace. We had just won a war, and something we weren't paying any attention to was just four years old. It was the start of Communism, and a Kansas editor at that time commented that a dog fight in his home town was more important than this new thing that had started.

Today, the speaker said, we are not in a cold war, we are in a hot war, and we are losing it. It is not necessary that we sit back and lose the conflict, Nutter stated. They are not smarter than we are. It is not the same Communism that started out, for the Communism of Marx and Lenin have long since been lost. The class system now is that the rich get richer and the poor get poorer. "But this is total war we are in today," he said, "such as the world has not seen. It is political, economic, psychological, military, big, little, a war of nerves and of determination. We are not winning it, he said, we can, but who ever wins this conflict will control the course of human events for the remainder of this century and probably many years thereafter."

Communism actively can be destroyed, Nutter said, because it is fundamentally weak. We are not making an effort to stop it. It is a desperate war against all that we hold dear and when this is lost we have lost everything.

There is no quarrel about their government if it remains within its own country, it is when it is exported that we are against it.

Our greatest mistake is the belief that they have a billion people on their side. They control a billion people, he explained, but there is internal turmoil, and people in slavery with plans to capture the remainder. The plan is that there will be a ruling class and all others will be producing animals.

There is a challenge to religion and the press, the right to live in freedom. This is the system in which a handful of international conspirators and about 15 million dedicated members of the international communist parties would impose on the world, he said.

Communists feel that the Capitalists won't do anything, they are too contented and satisfied to try to stop them, "but we must stop them or we die."

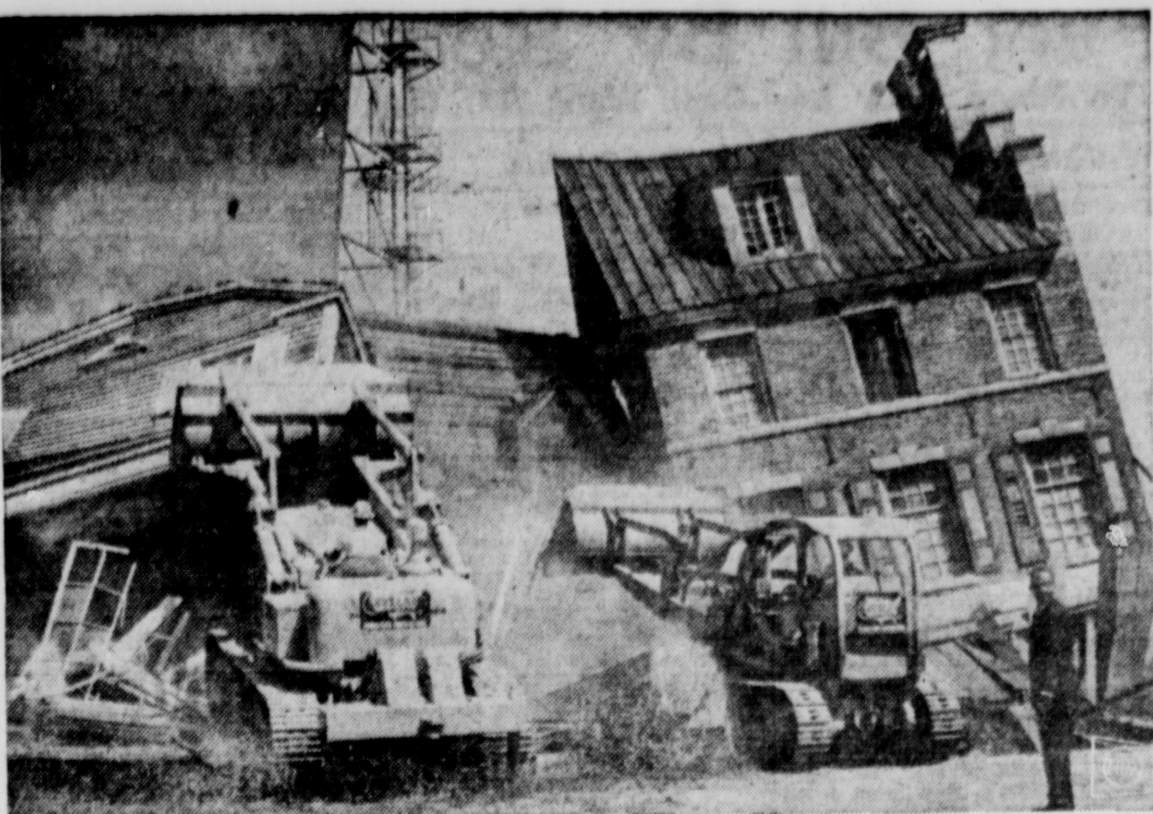

"Communism is not there by the will of the people, it has been taken over with rifle, power, terror. Russia has broken 81 of the 82 agreements with this country and we choose to ignore it. We don't play by the same rules. The plain truth is that we can no more live with the present day international imperialistic Communism bent on world domination than we can live with cancer."

"We cannot defeat communism unless we can come up with some plans of our own for the conditions that prevail in far too much of the world."

"More than a half century ago Theodore Roosevelt said that 'the things that will destroy America are prosperity at any price, peace at any price, safety first instead of duty first, the love of soft living, and the get rich theory of life.' These were prophetic words, indeed, Nutter said, and the Reds believe that we are at that stage. We may be close, he went on to say, but I think the tide has turned. By his excesses, his boasts and threats and his successes, Khrushchev has managed to wake up America. The time has come to fight back, for we have gone as far as we can. This war will not be won by arms, he said, but by coming up with a better program.

They have in the Communist countries no privately owned businesses, homes or farms. They are out to destroy property rights. You will not have slavery when you own property.

We are going to have to share some of our wealth, Nutter said. This is the most humanitarian country in the world. Some people think we can be too generous, but we can't afford not to be. We are not using our greatest weapon — propaganda. We could

**DREAMS COME TUMBLING DOWN**—Even the sky, backdrop behind collapsing house, left, will come tumbling down under assault of bulldozers on the 20th Century-Fox studio lot in Hollywood. Lot is being razed to make room for a half-million-dollar real estate development

throw their propaganda back in their faces, he said. Food is a weapon and we have much food.

The people have more strength than they realize, when once aroused. As citizens we have it in our power to win friends all over the world through countless programs, the people to people programs. It is time for Americans to understand Communism and its danger, and do something about it.

Nutter was introduced by Miss Lillian Fox, foreign affairs chairman, who also presented her committee, Mrs. Gladys Michael and Mrs. Addilee Beal.

Mrs. Mary Siegel, president, presided over the meeting, and invocation was by the Rev. Roy Strubling.

The table decorations were in keeping with United Nations Day which will be Oct. 24. On the speaker's table was an arrangement of blue and white chrysanthemums, with a horn of plenty on one of the tables and other decorations to carry out the United Nations idea.

## Dobson Serving On Veterinary Medicine Staff

Arthur W. Dobson, D.V.M., 2408 Albert Lee, is serving as assistant professor of veterinary medicine and surgery at the University of Missouri in Columbia, it was announced today by MU president Elmer Ellis. Dr. Dobson's appointment became effective Aug. 1, but official announcement by the university was not made until now.

The doctor had been with the U. S. Department of Agriculture since July, 1960, and had engaged in general veterinary practice in Van Horne, Ia., since 1951. Prior to that he had a year of general practice with another practitioner in Knoxville, Ia.

A native of Rock Rapids, Ia., he received his D.V.M. degree from Iowa State University at Ames in 1950. He served with the U. S. Navy during World War II and is married and has one child.

## Plan New Church With Insurance And Sale Funds

The sale of the buildings and ground of the First Christian church in downtown Topeka, Kan., of which the Rev. David M. Bryan is the pastor, was made to the First Methodist Church of that city for \$255,000. Mr. Bryan served as pastor of the First Christian Church in Sedalia from 1949 to 1957.

The church sanctuary building was razed by fire early this year and the new education wing damaged and it was estimated that from the sale of the church and the insurance settlement the Christian Church would receive more than \$655,000 which will be used toward erecting a new church at 18th and Gage in Topeka.

### Advices Flu Shots

ATLANTA, Ga. (AP)—The surgeon general of the United States urges immediate anti-influenza shots for persons over 65, expectant mothers and persons suffering from heart disease and other chronic ailments. The official, Luther L. Terry, repeated Tuesday a prediction that an outbreak of influenza will occur in the United States this fall and winter.

# SEVEN-UP FRESH TASTE!

### Electricity Strike Halts Paris Bustle

PARIS (AP)—A four-hour electricity strike cut power in large government-run utilities and rail sections of Paris today, halting subway service and elevators and creating traffic jams.

Electricity came back on shortly before noon in much of the city.

The strike by personnel in the government-run utilities and railroads was largely to support demands for higher wages.

### Disc Jockey Plans Appeal of His Case

SAN FRANCISCO (AP)—Disc jockey Peter Tripp said Tuesday he will appeal his conviction of accepting \$36,000 in commercial bribes from recording companies.

The charges were against Tripp while he worked for a New York City radio station. Tuesday he flew back to San Francisco and his \$250 a week job.

Tripp, who once worked for Radio Station WHB in Kansas City, said he was "the fall guy for what hundreds have done and are still doing."
